

KITTEN HOT SPOT MAP

KITTEN RESOURCE CENTER

FOR PURRFSSIONALS

Using an Excel spreadsheet and Google Maps, you can easily identify the 'kitten hot spots' in your area to target with Trap/Neuter/Return and community spay programs.

HOW TO CREATE YOUR OWN KITTEN HOT SPOT MAP:

- ▶ Ask the kitten finder for the exact location (actual street address or a cross street) where orphaned kittens were found.
- ▶ Find coordinates of location (using Google Maps) and add coordinates of each litter into Excel spreadsheet.
- ▶ Go to Google Maps and click on Menu Bar in upper left corner.
- ▶ Go to Your Places > Maps > Create Map > Import.
- ▶ Import Excel spreadsheet of coordinates.
- ▶ Click Finish and Hot Spot map produced!
