

THE PAWS PANTRY

The purpose of the PAWS Pantry service is to provide supplemental dog and cat food to income qualified pet families to help alleviate some of the costs involved with keeping a pet.

PAWS PANTRY CLIENTS receive a maximum of 2 supplemental bags of dog or cat food each month. Supplemental bags are 8lbs for dogs and 4lbs for cats. We are able to support up to two pets per family. Cat litter, flea medication, and other supplies will not be available through the Pantry service. At distribution sites other than those listed, qualified clients will receive only one bag of pet food per person.

QUALIFICATIONS

San Diego residents who are income-qualified and show proof of assistance through EBT (SNAP/Cal Fresh), Medi-Cal, or SSDI. Clients must have their pets spayed/neutered. If not, they have 3 months to provide proof of spay/neuter; we can offer resources to help the client.
